

Letter of Appreciation

We are extremely happy and satisfied with Pooja Qenvirocare for their professional services for our ISO-9001 certification. They supported our team in every process i.e. right from preparation of documents to all-round training to our team to face the Stage I and Stage II audits. Their skill of converting complicated ISO requirements into an easy to implement system was absolutely easy to understand for our team. We finished our project in time and cleared the audit without any major non conformity. Their support for transition of ISO 2008 to 2015 was also very helpful.

Apart from support to system, they possess a technical expertise and advise some valuable suggestions for improvement.

We highly recommend Pooja Qenvirocare who seek for ISO certification. We know them since last 35 years.
